

The Wonderful World of Water Day

February 24, 2018 • 9:00am - Noon

Retzer Nature Center

See special exhibits and hands-on activities as well as hear a variety of speakers on different water topics, including:

AN OUNCE OF PREVENTION

9:00 am

Learn what creatures are creeping into our environment as well as ways to prevent their spread. Invasive species can cause great environmental damage, so be prepared.

WATER SAVING IDEAS FOR THE HOME

9:45 am

Learn strategies to save water in your home. The City of Waukesha has several water saving incentives to help you use less water and save more money.

CLEAN WATER - WHAT IT TAKES

10:30 am

What happens to the water that goes down the drain in your home? Come learn how water is cleaned and prepared to be put back into the environment.

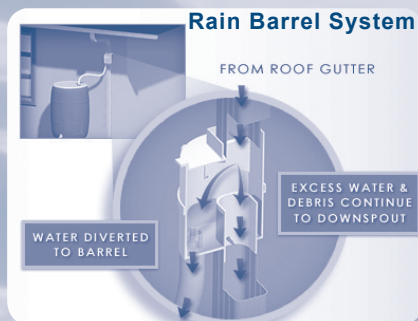

OUR DAILY INTERACTIONS WITH WATER

11:15 am

Have you thought about water's hidden contributions to your daily life? Learn about society's invisible walk with water. You will leave with ideas about easy things you can do to help protect our life-giving resource.

All attendees will be entered to win a free rain barrel with diverter kit!

(\$84 value)

Registration is available online at waukeshacountyparks.com
